

The Highest Level of Engineering

Now you know why our service is so good

Receiving this coveted award means that our network is supported by the country's highest level of engineering excellence, which introduced South Asia's first super 3.5G HSPA network with speeds up to 14.4 mbps downlink and 1.98 mbps uplink. We are also currently trialling a pioneering effort in our HSPA network to offer you super fast speeds up to 5.8 mbps uplink.

With such superior service, you can be sure Mobitel will never let you down.
